Today, let's talk once more about the various problems faced by—
DING-DONG
—those who earn their meals through erotic manga

Manga artists are posted samples from the editorial departments they are acquainted with, with each new magazine publication.
Whether their own manga was presently serialized in them or not,
they often receive them for reasons like a 'chance that they'll draw for them someday'
EDIT
Anything new for me yet?
Comic天下 No.9

And erotic manga artists, with their turbulent livelihood, can't decline work.
Hence, there are often offers going 'how about writing a short one-shot for us?'
Unlike the norm, there's this focus on one-shots for erotic manga.
And this here is a thing for erotic manga artists

It's okay to like him because he's not a bad person?
---Isn't that too easy?
Nothing else going for him.
HMM...
MAYBE HIS FACE?
AHAHA, NO CLUE.
EEH? T-THAT'S NOT IT, REALLY...

"He's not a bad person"— doesn't that go without saying?
Then was I just lonely?
—His face— that's not it I think
Come to think of it what is it about mister that I like?
It would be better liking him for his face, huh
—To like someone because I was just lonely—
